Statement by National Counter Terrorism Centre regarding the temporary suspension of @NCTCMaldives Twitter account

18 May 2019

NCTC received reports from the public on 14th of May about suspicious behavior from our Twitter account. Upon investigation, we found some anomalies in the account and took precautionary measures. As part of the security measures, our account has been temporarily suspended while we completely fix the issues in coordination with the authorities.

At present, NCTC does not operate any other Twitter account. We are still reachable on our primary platforms: Hotline 1615 and email info@nctc.gov.mv.

NCTC thanks the public for your immense support and level of concern. We value your continued cooperation and urge everyone to stay vigilant and share any information or concerns.
